PROFESSIONAL SUMMARY

I'm a front end developer with experience building applications with React, JavaScript, HTML, CSS, and API Integration. I possess strong conflict resolution skills to solve both personal and technical problems.

I also have a positive reputation for quality work and timely delivery. My past experience in the auto repair industry has given me strong troubleshooting capabilities.

When I'm not coding or learning new things you can find me backcountry camping or looking for the best new eats around the city

SKILLS
